Dec 10, 2021 · Sydney Water's role goes far beyond supplying water, wastewater, recycled water and stormwater services. From the health of the city and its people, to managing the environment and the health of our waterways we're helping to create a better life for Greater Sydney.
The Austroads Guide to Road Design is intended to provide designers with a framework that promotes efficiency in design and construction, economy, and both consistency and safety for road users. The guide moves away from rigid design limits as the basis for achieving these goals, and promotes the concept of ‘context-sensitive design’.

Austroads Pavement Structural Design Guide. The Austroads Pavement Structural Design Guide is the basis for road pavement design in Australia and New Zealand. CIRCLY 7.0 gives Reduced Asphalt Thickness for Heavy-Duty Structures.
